E-mail: julie@missouriangus.org

### ACCOMMODATIONS:

Holiday Inn Express, 1301 Preacher Roe Blvd, West Plains, MO 65775  
(417) 257-3000

**LOT NUMBERS:** The tags on animals will correspond with the lot numbers in the sale book. Ear tags on calves at the side of dam correspond with the dam's number.

**HERD HEALTH:** All cattle will be accompanied by proper health cer-

tificates for immediate shipment. All bulls will have passed a semen test and all bred females will be pregnancy checked and guaranteed pregnant.

**TRUCKING:** Truckers believed to be reliable will be available to assist you in shipping your purchases.

**BREEDING INFORMATION:** A supplement sheet will be available sale day with complete and up-to-date breeding and calving information.

**INSPECTION OF CATTLE:** Cattle may be viewed at the sale site beginning on the evening of Friday, March 12. Prior to that, cattle can be viewed at the farms.

**LIABILITY:** All persons attending this sale do so at their own risk, legal or otherwise for their safety or their behavior of the animals. The Owners, Management Service, Auction Barn and sale staff assume no liability for property loss or any accidents that may occur.

**TERMS & CONDITIONS:** Cattle will sell under the Terms and Conditions of the American Angus Association ([https://www.angus.org/pub/suggested\\_sale\\_terms.pdf](https://www.angus.org/pub/suggested_sale_terms.pdf)). Settlement is to be made on all cattle purchased on sale day unless prior arrangements have been made.

**LUNCH:** For your convenience, lunch will be available at the sale facility from 11 am to 12:30 pm.

**Buyers unable to attend the sale** may send their bids to the Sale Manager, Auctioneer, Sale Staff or new for this sale, bid online at live-wireauction.com.

Updated information can be found at:  
<http://heartoftheozarksangus.com/>

**ANGUS MEDIA** EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at [www.angus.org](http://www.angus.org) and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusSource®, CAB®, Pathfinder®.

### Attention Junior Angus and 4-H/FFA Youth

The Heart of the Ozarks Angus Association (HOAA) will have a drawing before the sale for multiple \$100 junior discounts to be used during the sale. The discount is limited to one use per youth per year. This is made possible by the generous donations of semen sold during the sale. Please register as a junior before the sale begins.

Dear Cattle Producers,

I'd like to invite you to attend the 114th sale of the Heart of the Ozarks Angus Association. Thirty breeders from Missouri, Arkansas, Kansas and Mississippi have consigned quite an offering for your appraisal with an emphasis on bulls, spring pairs and young females. Again, having one of the largest spring sale offerings in recent years, I am excited to share in this great regional event.

As requested, we have again included the genomic information on those cattle DNA tested. If it is not in the sale book, please check the supplement sheet on sale day for any additions. You'll also notice the recently added \$Maternal and \$Combined indexes are also printed.

In these changing times, we know not everyone will feel comfortable attending the sale. Sale staff including the auctioneer will be carrying bids and are happy to assist you however needed. New this year, the sale will be broadcasted online through Phoebe Wiles's new platform, Live Wire Auction. If you have questions about this platform, please reach out to Phoebe at 417-293-8002.

With ninety-five lots that total one-hundred and thirteen head, it is sure to be a great day to join us in West Plains on Saturday, March 13th. Cattle will be available for viewing at 3 p.m. on Friday, March 12th or can be viewed at the farms before that date. All update information will be posted to the Missouri Angus Association and Heart of the Ozarks Angus Association websites and Facebook pages. If I can answer any questions or be of assistance to you, please do not hesitate to contact me.

Sincerely,

*Julie T. Conover*

Julie Conover  
Missouri Angus Association General Manager

### COVID-19 Precautions

An inherent risk of exposure to COVID-19 exists in any setting where people are present. All attendees are ultimately responsible for protecting themselves and preventing the spread of COVID-19. If you have been in contact with anyone exhibiting COVID-19 symptoms within the past 14 days of attending the show, have a fever or other symptoms, or are immune compromised, it is recommended to refrain from attending the 2021 Heart of the Ozarks Angus Association in person events, per Centers for Disease Control and the World Health Organization recommendations. Please review the current CDC and WHO guidelines prior to the event to remain up to date on current standards and procedures.

## The Targeting the Brand™ Logo

The Targeting the Brand™ logo is designed to highlight registered Angus bulls with greater genetic potential to produce calves meeting the most challenging specifications of the Certified Angus Beef® brand. Bulls must meet genetic requirements of +0.65 Marbling EPD and +55 \$ Grid of non-parent Angus sires to qualify for use of the Targeting the Brand™ logo.

## Show-Me-Select Program Changes

The criteria for the Missouri Show-Me-Select Replacement Heifer Program changed effective February 1, 2019. In addition to bulls having permanent identification and a complete EPD profile, they must meet the following two requirements:

- Angus sires must have a minimum CED of 7.0
- All natural and AI sires must have genomic enhanced EPDs

## Recently Added \$Index Values

### Maternal Weaned Calf Value (\$M)

\$M, expressed in dollars per head, aims to predict profitability differences in progeny due to genetics from conception to weaning. Expected progeny differences (EPDs) directly influencing the index include: Calving ease direct (CED) and maternal (CEM), weaning weight (WW), yearling weight (YW), maternal milk (Milk), heifer pregnancy (HP), docility (DOC), mature cow weight (MW), foot angle (Angle), and claw set (Claw).

### Combined \$Value (\$C)

\$C expressed in dollars per head, is an index which includes all traits that make up both \$M and Beef Value (\$B) with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and eventually sell them on a quality-based carcass merit grid. EPDs directly impacting \$C include: CED, CEM, WW, Milk, HP, Doc, MW, Angle, Claw, dry matter intake (DMI), marbling (Marb), carcass weight (CW), ribeye area (RE) and fat thickness (Fat).

- Consigned by Castera Farm, Romance, AR.
- His sire, LCA Hombre 516, was the high selling bull of the 2017 Duff Power Plus Bull Sale. Hombre enjoys the capacity and base width of his sire "Charlo" but is unusually upheaded, long necked, square hipped and athletic. This January yearling stems from a cow family highly favored in the Gamble Angus breeding program where most daughters of Bear MtnTM Forever Lady 8097 are kept in the herd. Maternal grandsire, Gambles Hot Rod is a now-deceased former NWSS and NAILE Grand Champion that had a legacy of producing show ring champions prior to his untimely death.

- Consigned by Hudson Angus Farm, Centralia, MO.
- 1926 is a gentle genomically tested, double digit calving ease bull with a WW, YW, \$W with +90 and \$C that all stand in the top 2% of the Angus breed! Moreover, his RADG, HP, Marb, \$M, \$G, and \$F with +99 are all in the top 10% or better of the breed. His dam has 3 calves on a 354-day calving interval. 1926 has a white ring at the end of his navel. 1926 has a broad base of economically important traits to work with while carrying the Targeting the Brand logo.

- Consigned by Smith Livestock, LLC, Koshkonong, MO.
- Incredible ease of flesh in this "Hickok" son. Dam was purchased from the B&M program and goes back to the Fink Beef Genetics program in Randolph, KS. The "Bonnie" cow is sired by the maternal legend, V A R Reserve 1111. Whether you are selling calves at the sale barn or retaining heifers to build your herd, 913 is the bull that fits the bill. Take note of his performance on paper with his RE and Fat EPDs.

- Consigned by Wiles Ridge Ranch, Willow Springs, MO.
- Here is a massive, powerful Byergo Black Magic 3348 son! He has an impressive set of EPDs with a top 1% of the breed WW, YW, RADG, SC, CW, \$F and \$B. He also ranks in the top 10% for docility, 15% for marbling and 20% for milk. In addition, he breaks the 300 barrier for \$C at +304 and a top 2% ranking. If you are looking for a bull to put the most pounds on your weaning calves, look no further. In addition to having extreme eye appeal, he has a wonderful set of feet and legs.

- Consigned by Buschmeyer Angus Farm, Owensville, MO.
- A strong-aged ET son of Plattmeyer Weigh Up K360 from a revered cow family. The cornerstone grandam, the legendary Basin Lucy 178E once sold for \$205,000 1/2 interest and was the former #1 cow in the breed for WW and YW among cows with 7 or more calves on record. 178E accumulated more than \$3.5 million in progeny sales. His dam, EXAR Lucy 5179 was the \$10,250 investment of Tony Buschmeyer at the 2015 Pollard Farms Sale. His top 2% WW EPD, top 3% YW EPD and top 4% \$W assures big pay weights on his progeny.

- Consigned by Voss Angus, Washington, MO.
- A fall yearling growth-oriented bull backed by thirteen generations of AI breeding. His sire, Quaker Hill Rampage 0A36 is an ABS feature and is MCC Daybreak's biggest "spread" son. Rampage was at one time the only proven sire in the breed to achieve a +9 CED and a +192 \$B. EPD sorts of non-parent bulls or cows that incorporate both CED and \$B usually reveal sons/daughters or maternal grandsons/daughters of Rampage. This bull ranks in the top 3% for WW, top 10% for YW and top 1% for RE EPDs.

- Consigned by Davis Farms, Mammoth Spring, AR.
- This age advantaged bull has been engineered to excel in growth and carcass merit. He enjoys WW, YW and CW EPDs in the top 15% or better with a "buck and change" MB EPD culminating with \$B and \$C in the highest 2% of non-parent bulls. His sire, AAR Ten X 7008 SA is an Accelerated Genetics feature that has become the breed's most highly sought "spread" bull. His sons are the top selling sire group in bull sales across the country while his daughters are revered. This is a parent verified, virgin bull that will also be Trich tested for assurance.

- Consigned by Castera Farm, Romance, AR.
- This fall yearling bull has an outcross pedigree with built in growth advantages. His sire, Windsor's Black Prince W111 is a grandson of Connealy Final Product with WW and YW EPDs in the top 3%. G13's genomic enhanced EPD values have given him a Marb EPD in the top 25% and enough \$G value to earn him the CAB Targeting the Brand badge.

WRR Jet Black 931, Lot 25

- Consigned by Wiles Ridge Ranch, Willow Springs, MO.
- 931 is a very balanced, heavy muscled, thick butted son of Jet Black. He has an elite combination of EPDs that include: Top 15% CED and top 10% for Weaning Weight and Yearling Weight. He is in the top 10% for milk and top 5% for carcass weight. He is in the top 15% for \$Beef and is in the top 15% for his combination EPD. His dam, WRR Lassie W 238, has had 7 calves and has a calving interval of 364 days. 238 is an excellent milking, super productive cow. This bull has the profile to make an excellent bull for weaning calves and for siring replacement females.

- Consigned by Hudson Angus Farm, Centralia, MO.
- Purchased in the belly of his bred heifer dam, 1906 is a deep thick, soggy bull with a good length of spine. He offers 12 EPDs in the top 10% of the breed including a top 1% ranking for YW, RADG, CW, and \$F at +125. He also ranks in the top 2% for WW and \$B. 1906 expresses large capacity and travels well. He's a calving ease bull whose appearance matches his exceptional EPDs.

- Consigned by Voss Angus, Washington, MO.
- His foundation 4th dam, BA Lady 6807 308 was the \$15,000 top selling donor at the 2009 National Western Foundation Female Sale selected by Pasture View Farm. She is a flush sister to the famous 305 and 303 "Ladies" at Riley Bros that are the foundation dams or grandams of four consecutive top selling females at the National Western Foundation Female Sales. The impressive carcass EPDs on this fall yearling bull have earned him a \$ value in the top 10% and \$B in the highest 5%.

- Consigned by Heartland Cattle Company, Leavenworth, KS.
- Thoughtfully bred for show ring excellence, this young June heifer will enjoy the less competitive Intermediate Division with phenotypic assets sufficient to compete at any level. Her sire, Silveiras Style 9303 is approaching 12 years of age yet remains one of the most documented sires of show ring successes. He currently ranks #2 in the 2020 - 2021 ROV Show Sire of the Year standings and is the sire of the current #1 Show Bull of the Year.

- Consigned by Greener Pastures, Doniphan, MO.
- The sire of this thick framed moderately built heifer, Coleman Charlo 0256 is the sire of the \$750,000 President, Raindance, Rainfall, Governor & other greats. Her dam is one of the most unique females in the world, sired by S A V Priority 7283. Blackcap May 819 has a fantastic pedigree any Angus breeder could build their herd around. 819 was AI bred to LD Capitalist 316, who is a great bull in his own right. Due 7/21/21.

- Consigned by Buschmeyer Angus Farm, Owensville, MO.
- Her grandam, SydGen Duchess 1122 was selected by EZ Ranch, CA, in the 2012 Sydenstricker Genetics Sale as the \$9,000 second-top selling bred heifer. This cow family was founded in the Sydenstricker Angus herd with the Pathfinder Dam Fairdales Duchess 247, dam of SAF Duchess 9029 who, in turn, begat Pathfinder Sire SAF Neutron. Her sire, Basin Advance 3134, was the \$105,000 top-selling bull of the 2014 Midland Bull Test and is the first natural calf of the \$210,000 Basin O Lass 1663, a flush sister to Basin Payweight 1682. 8451 sells AI bred to SydGen KCF Gavel 8361, due 4/20/21.

- Consigned by Hickory Hill Angus, West Plains, MO.
- A beautiful type and kind female with slick hair, great feet, and awesome udder design. She is a calving ease "Rampage" daughter with great docility. Twelve consecutive generations of top AI sires are represented in this good 3-year-old. Her dam was the third high selling fall pair in the November 2020 Northeast Arkansas Association Angus Sale at \$4,000. Grandam is a tremendous Pathfinder Cow by Connealy Final Product that is still in the herd. 721 sells with her 1/17/21 heifer calf at side by the popular ORigen sire, BUBS Southern Charm AA31. Charm was raised here at Hickory Hill and is the current #3 bull for registrations in the Angus breed and sires very desirable cattle.

- Consigned by Checkerhill W, Fordland, MO.
- 407 is a nice daughter of Connealy Counselor that offers a top 1% of the breed ranking for heifer pregnancy. Her last mating to MGR Treasure 5017 was the result of a \$3,000 bull that sold at 10 months of age. This mating should be even better! 407 will have a calf by the late, but great, BUBS Southern Charm AA31. These cattle are no strangers to the Ozarks, and have topped sales all across the country. Be on the lookout for this mating to make you money! 407 was AI bred to "Charm" on 4/16/20 and should have a late January calf at side on sale day!

- Consigned by Rocky G Ranch LLC, Pontiac, MO.
- Her grandsire, Still In The Rough 201 was the talk of the 2013 fall sale season when he sold at a record price to a commercial cattle operation. His sons were top sellers in the 2015 Stevenson Diamond Dot Bull Sale and thousands of units of semen were used in heifer projects. The incorporation of the Basin Greystone Jannet and Joyce cow families in this pedigree intensifies the Montana influence. She sells AI bred on 5/20/20 to Origen bull, Square B Atlantis 8060. She was then pasture exposed to their herd sire from Candy Meadow Farms in Tennessee, CMF 680T Black Granite 376E, from 6/21/20 to 11/20/20.

- Consigned by Castera Farm, Romance, AR.
- F07 exhibits growth as she ranks in the top 15% for WW and YW. The third dam, RF Joyce 6357 and her dam, Basin Joyce 6635 were selected by Sweeney Farms in Iowa from the New York herd of Rasweiler Farms. "6357" produced two consecutive top indexing bulls at the Iowa Angus Bull Test and was selected by and flushed in the Sydenstricker program. This remarkable cow combines the Basin Joyce legacy with the famed Henrietta Pride family through its highest achieving son, Sitz Upward 307R. F07 is due 6/28/21 to herdsire, Windsor's Black Prince W111.

- Consigned by Asher Farms, Pomona, MO.
- 3418 is out of one of the best cows Asher Farms purchased from Kimzey Angus Ranch of Fredonia, KS. If you like your cows soggy, easy keeping with lots of rib, 3418 is the right cow for you. 3418 was AI bred on 2/13/21 to Deer Valley Growth Fund to offer you a possible 3-in-1 package.
- 3418 sells with Lot 94A, her Mill Bar Hickok 7242 heifer calf at side born 10/14/20.

- Consigned by H & H Land & Cattle, Midway, AR.
- Selling three conventional embryos with the guarantee of one successful transfer if implanted by an AETA-certified technician.
- There is power in the blood in this mating! Valued \$17,000 when sold for the first time in 2014, the donor of these embryos, DCF Lucy 3661, makes this package especially special. 3661 herself ranks in the top 10% or better of the breed for WW, SC, CW, Marb, RE, \$F, \$C, \$B and \$C. 3661 goes back to Basin Lucy 3829 who sold for 1/2 interest in 2010 for \$50,000. The successes keep coming for this exciting mating with the sire, Deer Valley Growth Fund. Growth Fund ranks in the top 3% or better of the breed for WW, YW, RADG, CEM, CW, and \$F. This rare mating was completed with conventional semen.
- Embryos are stored at the farm in Midway, AR and will be brought to the sale for ease of transferring.

# Produce top-quality hay all season.

Disc Mowers

Round Balers

## Reach a whole new level of hay production.

Increase your hay production with our selection of Hesston by Massey Ferguson® hay equipment. Our round balers and small square balers are built for producers looking to upgrade their baling with higher capacity, faster speeds and industry-leading bale density. And our durable disc mowers provide you with smooth, reliable cutting, even in steep ditches and tangled hay fields.

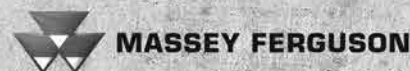

*We now carry a full line of Massey Ferguson® and Hesston® hay equipment and parts!*
